## **ABOUT US**

### **ESTABLISHED IN 1996**

Sunline Australia is a family-owned and operated company, which specialises in the manufacture and supply of pool accessories in the regions of Western Australia, Victoria and South Australia.

### **DIVERSE & VISIONARY**

We offer a complete range of swimming pool equipment to enhance your lifestyle. Our team is diverse, visionary, and ever active in pool product improvement and service. Managers at Sunline Australia have field experience that shows in the development, sale and service delivery of Sunline Australia Products.

### **REVOLUTIONARY**

We innovate to deliver world class products to give our customers, both the ideal pool and the finest experience they can have. You can count on Sunline Australia for the right products and the right advice.

# AVBPB

**Aquavent™ Breathable Pool Blanket**

Via patented 'vented cells' your pool can 'breathe' while covered. Prevent the damaging and unhealthy build-up of pool sanitising chemicals and regulate overall chemical levels.

The 'heating cells' are larger and deeper than traditional solar blankets allowing for optimised solar heat retention. An Aquavent™ Solar Blanket can heat a pool by up to 8°C while reducing evaporation by up to 97%.

The offset 'vented cells' in the smaller, sloped breather cells allow chemical vapours to escape while limiting water evaporation. The sloped cell ensures that any water that may enter the cell simply flows back into the pool.

**World-First Patented Technology**

**100% Australian Designed & Made**

**12-Year Pro Rata Warranty**

# AVBPPB

**\$ \$32.89/ sqm inc GST**

AquaVent™ Breathable Pool Blanket  
Royal AquaVent | Pacific AquaVent | Turquoise AquaVent  
575 - 600 Micron  
12 Year Pro Rata Warranty

**The AquaVent™ Pool BLanket** reduces evaporation by up to 97%, prevents debris from entering the pool and retains heat from the sun. What makes AquaVent™ unique is that it allows your pool to 'breathe' and release excess chlorine and sanitation chemicals. Short term, this creates healthier, more comfortable swimming conditions and long term, prolongs the life of your pool.

Traditionally, pool covers have been marketed as saving on pool chemicals by preventing them from escaping your pool. The reality is that pool blankets that 'lock' chemicals inevitably cause many pools to be over-chlorinated. Every year over

chlorination causes expensive, irreversible damage to fibreglass, concrete and liner pools and expensive pool equipment all around the world.

**Healthier:** Creates a healthier pool environment for your family with AquaVent™ patented technology

**Less Chemicals:** Prevents build up of excessive chemicals by allowing your pool to breathe naturally

**Heats:** Heats and retains the water temperature of your pool

**Reduces Evaporation:**

Significantly reduces water evaporation

**Guaranteed:** 12-year guarantee\*

**Australian Made:** Superior quality

# SD500

 SUNLINE POOL COVERS

Installing a **Sunline 500 Micron Solar Pool Cover** can save you more than money and debris in the pool. It doesn't only prevents dirt and other debris from entering your pool which reduces the number of times you clean your pool, you'll also be saving

the sun's natural warmth, eliminate evaporation and reduce running costs in terms of maintenance and pool chemical consumption. It is a cost effective and convenient way to save water and heat your pool at the same time. The sunline pool cover can warm your pool by up to 8 degrees and reduce heat loss by up to 75%. Sunline Solar Pool Covers are made from a film containing thousands of tiny bubbles called "cells". The sunline pool cover floats on top of the water (bubble side facing down) and allows solar energy to pass through. The cells work together to collect and retain heat in your pool.

## THE ROLLAWAY UNDERGROUND BLANKET BOX

CUSTOM SIZES AND POWERED UPGRADE AVAILABLE

The **Sunline Underground Blanket Box** is an innovative design that neatly houses your pool blanket. It is a great addition to any new or existing swimming pool area. Once installed, the blanket box provides an aesthetically pleasing place to relax and entertain.

Its multitude of features are the *anodised aluminium lid* that sits flush to your decking or paving. Built in wind

handle perch for easy access and to prevent loss and strap kits with a smart easy clamp system to attach to your pool cover

Sunline's contemporary design coupled with quality materials is the best choice to compliment your pool area. Sunline has designed a contemporary product that's manufactured from robust structural PVC. Quality assured.

### COMPACT SAFE STORAGE

Compact internal mechanism allows for your pool blanket to be stored and protected from UV rays and harsh weather.

### DURABLE & SUSTAINABLE

Internal mechanisms have been selected to prevent rust or corrosion and promote durability for sustainability.

### MODERN DESIGN

The sleek and modern design brings sophistication whilst having a functional design for a one person operation.

## SUNLINE WINTER POOL COVER

**The Sunline Winter Pool Cover** is the perfect choice for protecting your pool from debris caused by strong winter winds while retaining and generating heat and reducing evaporation throughout the cold weather.

Our Winter Pool Cover is made from woven polypropylene specifically designed for pool covers which makes for a lightweight yet strong material that allows rainwater to pass through the cover while restricting winds to significantly limit evaporation.

- Prevents debris from entering the pool
- Reduces Evaporation
- Retains heat
- Lightweight Material
- Conserves Pool Chemicals
- Allows rainwater to pass through
- Restricts wind

# HOW TO INSTALL YOUR POOL BLANKET:

[HTTPS://WWW.SUNLINEAUSTRALIA.COM.AU/](https://www.sunlineaustralia.com.au/)

## 1. MEASURE

Simply measure the width and length of your pool. Ensure you measure the widest and longest point to ensure complete, edge to edge coverage.

## 2. PLACE ON POOL

Once you receive your Aquavent™ Pool Blanket / Sunline Solar Pool Cover, place it on the pool. Check the weather to ensure a calm, wind-free day. Cover the pool edge to edge and allow the blanket to settle for 2-3 hours.

## 3. CUT TO SIZE

Using sharp scissors, trim the excess from the blanket/cover. Trim carefully around all sides and edges to ensure the blanket touches each edge when sitting on the pool. This prevents leaves, dirt and debris from making their way into the pool while covered.

# SUNLINE WINTER COVER GUIDE:

## TO RELEASE THE TENSION OF COVER:

- To prevent the blanket from slipping out of the cleat, tie a knot in the rope
- Pull the rope away from the cover to disengage from the cleat
- Allow the rope to slip back through the cleat towards the cover to release some tension
- Lift the cleat out of the hole

## TO TENSION THE COVER:

- Place screw into the hole
- Pull the rope through the cleat
- To lock the rope into the cleat, pull it back towards the cover

# AMALFI MOSAICS

Amalfi Mosaic's high gloss appearance make the most of the water's reflective properties and are adored for their upscale glamour and luxury finish. They have an appealing illuminance, a vibrant colour and are silky smooth. They have the ability to manipulate and magnify light. Hence, their appearance will complement the look of your water.

Our high quality and durable Crystal Glass range are resistant to fading, non-discolouring and chemical immune. They are also impervious to water; being non-porous they will never stain.

Amalfi Mosaics are fully compliant with all Australian Standards and requirements that ensures that the tensile adhesion strength, once fully immersed in water; is second to none.

Amalfi mosaics are independently tested by the CSIRO and is one of the only tiles on the market with the testing and backing by Mapei tiling adhesives.

# TERMS AND CONDITIONS

*We reserve the right to change, modify, add or remove portions of these terms at any time.  
All goods remain the property of Rivendale International until paid in full.*

## **Refund/Return Policy**

Thank you for purchasing Sunline Australia Pool Products.

Any delivery discrepancies or 'change of mind' must be reported to our office within 14 calendar days from the date stated on your invoice, otherwise no credit claim will be approved.

All items to be returned due to 'change of mind' must be in Good Condition, still in original packaging/state and has not been used or submerged in water.

The amount to refund will be credited back to customer's nominated bank information as soon as the claim has been approved. All credits will be processed within 7 business days.

## **Cover Warranty**

This warranty is additional to any rights or remedies conferred on the consumer by the trade practice act or state laws. Sunline Australia accepts no additional liability pursuant to this warranty for any incidental or consequential losses or damages resulting from any defects in workmanship or materials subject to the warranty conditions below:

### *500 Micron Standard*

10 Year Pro Rata Warranty

Years 1 - 3 - Full Warranty

Years 3 - 6 - 75%

Years 6 - 10 - 50%

### *Aquavent Pool Blanket*

12 Year Pro Rata Warranty

Years 1 - 3 - Full Warranty

Year 4 - 75%

Year 5 - 66 %

Year 6 - 58%

Year 7 - 50 %

'Pro-Rata' Warranty. This means that if an item fails before the end of the item's warranty period, it is replaced or repaired as per usual. However, only for the amount based on a cost that depends on the age of the item at the time of failure.

This warranty only applies provided that the pool cover has been used in accordance with the manufacturer's instructions under normal use and reasonable care. This warranty does not cover accidental damage or failure resulting from miss-use, abuse or used for a purpose for which it was not designed.

## **Amalfi Tiles Warranty**

This warranty is additional to any rights or remedies conferred on the consumer by the trade practice act or state laws.

Sunline Australia/ Amalfi Mosaics accepts no additional liability pursuant to this warranty for any incidental or consequential losses or damages resulting from any defects in workmanship or materials subject to the warranty conditions. The Amalfi Tiles Warranty covers manufacturing defects, discolouration, fading and cracking for 10 years from the date started on your invoice. This warranty only applies provided that the tiles have been used in accordance with the manufacturer's instructions under normal use and reasonable care. This warranty does not cover accidental damage or failure resulting from miss-use, abuse or used for a purpose for which it was not designed. We do not guarantee any failure of the tiling system where the application of the substrate materials or fixatives is not in accordance with the manufacturer's instructions and/or proven to be not fit for purpose.

We advise customers to purchase an addition of 10% in the case of damaged tiles during or after installation. Sunline Australia/ Amalfi Mosaics does not guarantee the availability of replacement tiles of the same batch, colour, or blend. Any unused tiles, complete and still in its original packaging, can be returned and applied as credit. Returns must be reported to our office within 14 calendar days from date of purchase, otherwise no credit claim will be approved.

## **Warranty Claims**

Should a customer pursue a warranty claim due to defective products, materials or workmanship, Sunline Australia will resolve the issue in accordance with our warranty policy.

If the goods need to be returned for repair or replacement, the following procedure shall be followed:

1. Contact Sunline Australia, at the earliest possible time, either via email (sales@sunlineaustralia.com.au) or by phone [ (03) 9390 0700], with the following information:

- Type of product or services.
  - Date of purchase, invoice number, customer/client name.
  - Details of reported issue/damage.
- It is required to send photos via email (sales@sunlineaustralia.com.au).
- Date of purchase, invoice number, customer/client name.
  - Details of reported issue/damage.

It is required to send photos via email (sales@sunlineaustralia.com.au).

These photos will be used to determine the scope of the damage or issue being reported. It will also help in determining what parts are needed to be replaced/repaid.

2. Once the claim has been approved, Sunline Australia will make necessary steps to repair, replace or refund the customer:

a. Pool Cover: Sunline Australia will repair or replace the pool cover on a pro-rated warranty basis.

b. Rollers (Above Ground & Inground): Sunline Australia will arrange a service callout with the customer. A mailing option is also available for smaller parts and for areas in which Sunline Australia cannot attend.

3. The amount to refund will be credited back to customer's nominated bank information as soon as the claim has been approved. All credits will be processed within 7 business days.

4. Sunline Australia reserves the right to rectify by means of repair, exchange or replacement wholly at our own discretion. The decision for method of rectification will take place after inspection of the product.

5. All claims relating to shipment damage must be given in writing to Sunline Australia within 24 hours of receiving the goods. No damage claims relating to transit damage will be accepted after this time.

6. All cost associated with the return of goods will be borne by the customer.

## **Freight Warranty**

Products may be delivered by either Sunline Australia or by a nominated courier company. Note that all delivery dates are approximations and subject to change. We guarantee to get the most efficient way possible to deliver your order/s. No margins are applied to freight costs. Any consignments fees involved in delivering the product to you may be charged. Delivery takes 2-3 business days with an additional 1-2 business days for regional areas.

Disclaimer: Delays may occur at any given time. We will do our best to inform you of any changes and delays that may arise.
